

**Want to get a better grasp
of youth program
outcomes?**

We recommend SEED's

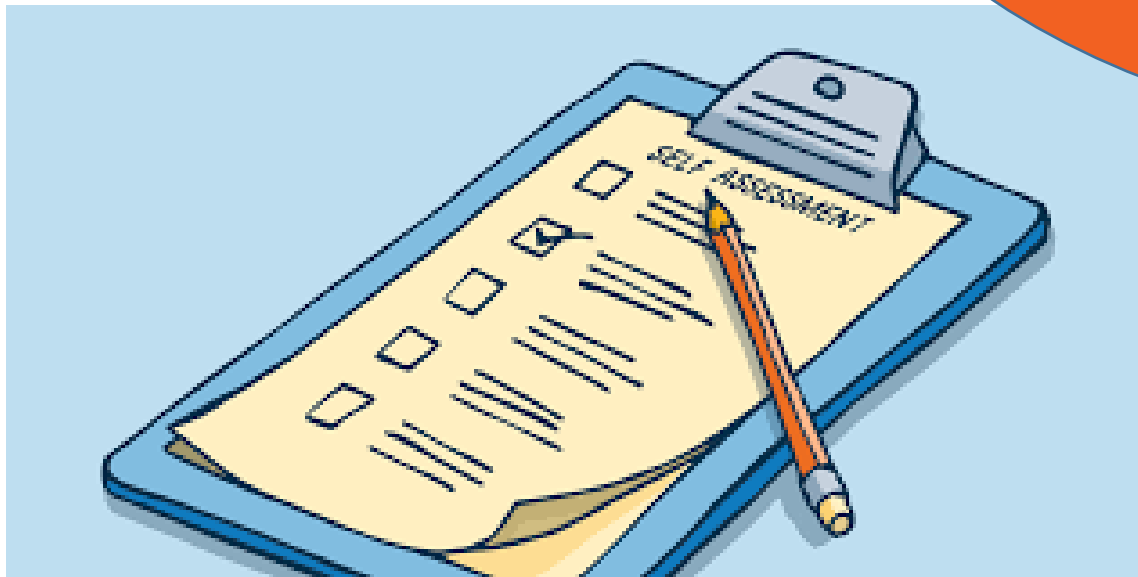

**PARTICIPANT
FEEDBACK
SURVEY**

Contact: possibilities@seedimpact.org

At the start and end of each program cycle, participants self-assess their experiences and how they were impacted.

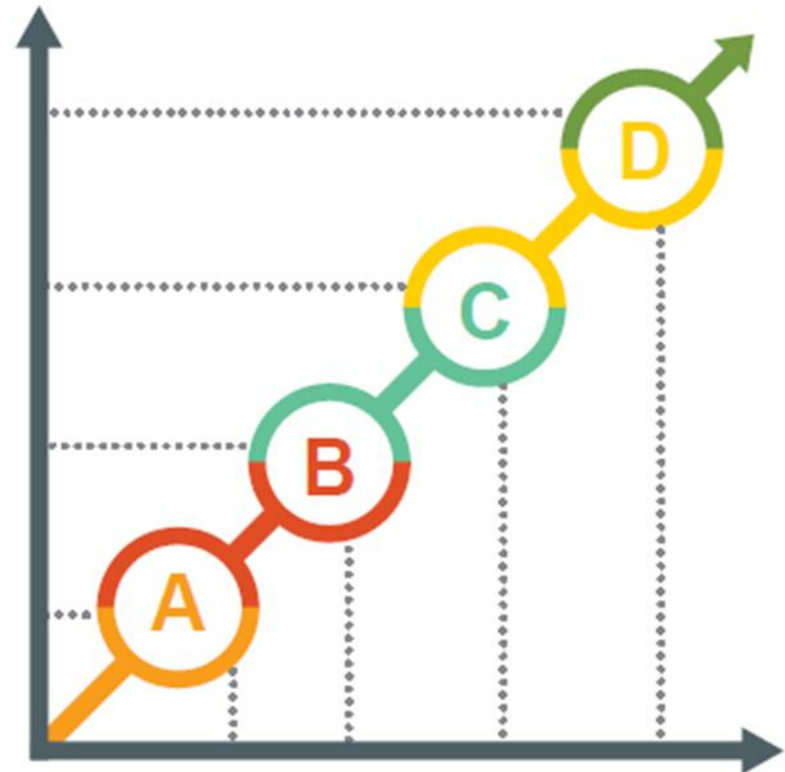

**SIMPLE
AS CAN BE**

SEED GUIDES CUSTOMIZATION

Your survey tool is customized to focus on four themes:

- A** My Enjoyment
- B** My Outcomes
- C** My ability to set and meet goals
- D** My confidence and optimism

WHO DOES WHAT?

Youth complete the survey in a supervised setting with appropriate guidance from program staff.

The survey invites youth to rate items and add personal comments.

WHAT IS LEARNED?

- ✓ What percent of participants rated their experience **super-enjoyable**?
- ✓ How many felt the **program made a real difference** in their lives?
- ✓ What percent gained **ability to set and meet goals**?
- ✓ How many noted high increases in **optimism about future success**?

WHY ELICIT YOUTH FEEDBACK?

STREAMLINE DATA COLLECTION. The combination of narrative and numbers allows you to

- ❖ measure gains over time,
- ❖ produce compelling reports, and
- ❖ stop collecting a whole bunch of extraneous data!

REALLY UNDERSTAND what participants

- ❖ most value and how they benefit
- ❖ enjoy and want more of
- ❖ find wanting to retain their engagement.

IMPROVE SERVICE DELIVERY with ability to

- ❖ analyze by years in program; type of program; gender, age, competency levels, etc.
- ❖ quantify your demonstrated value of deeper engagement.

Is it affordable?

Absolutely!

This offering is included with the SEED Competency Ladders.

The combination of ratings by teachers/program leaders together with pre-post feedback from the youth is telling!

Tell us what your program does best. We'll help you frame evocative questions!
